REASON FOR ALLOWANCE

BACKGROUND

1. This action is responsive to the following communications: Amendment filed on 11/6/2008.
2. Claims and 1 and 5-8 are allowed in this case. These are the only pending claims.

REASON FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance: As an initial matter, it should be noted that not all of the reasons for allowance are being set forth hereunder.

The major differences in the claims not found in the prior art of record include determining that the window border on the display is highlighted before displaying the context menu. In the examiner's opinion, it would not have been obvious to a person of ordinary skill in the art to, determine that the window border on the display is highlighted before displaying the context menu because there is no teaching or suggestion anywhere in the prior art that discloses performing this step before displaying the context menu having at least one command that is specifically relevant to the highlighted window border rather than another area within the window while continuing to display and highlight at least a portion of the window (as required in all of the independent claims).

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the

Art Unit: 2178

issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
